## Spread Some Love

Remember that horrific year that Valentine's Day was on the same day as the biggest football game of the year? If you don't, just ask your wife; she \*definitely\* remembers.

We could all use a little more love right now, so take this opportunity to treat your favorite people. If you need some V Day inspiration, make sure to check out both of our seasonal displays, in front of the Cafe and the Bulk Department. A token of affection can be as small as a bar of chocolate and a sentimental card, or a dinner prepared with only the best ingredients you found at the Co-op.

Keep an eye out for an influx of flower bouquets in the coming weeks! We also have assorted green plants in Produce if you want a longer-lasting gift.

# FRESH, NEW, & FUN

## Bee Mine

Our friends at White Mountain Apiary have come up with a new gift calendar, for Valentines Day! Their Christmas calendars sold out in just a few days, so we expect these to fly fast! Each gift set features a local honey or bee product. Because who wants a gift that only lasts for one day?! Find the gift boxes in the Seasonal display near the Cafe.

## Salads Just Got More Interesting

Crisp, lightly coated root vegetables are no longer limited to winter casseroles! Fresh Gourmet has introduced a lighter version of the crispy onion we all know, along with a crispy garlic and crispy balsamic beet strings. Just as you would with regular garlic, put 'em on everything and measure with your heart! Find them in the Produce Department.

## Once Upon A Farm

New! Once Upon a Farm is led by real moms, registered dietitians, child development specialists, the former Annie's CEO, and actress Jennifer Garner (yep!); aka a group of people who know what developing humans need and want in a snack. We have no added sugar oat bars, cold-pressed oat milk smoothies, organic fruit and veggie purees, and more. Great for all ages!

# YOUR CO-OP COMMUNITY

## Meet Our February Partner

Round up at the register in February to support the Franconia Children's Backpack Program!

Most students from low-income families can count on regular meals via the school's free and reduced-price meals program. However, many of these kids go home on Friday afternoon and have very little to eat until Monday morning. Working with school counselors and nurses, the Backpack Program delivers breakfast, dinner and snack items to over sixty children in Lisbon, Bethlehem, Landaff, and Littleton.

Teachers say that weekend nourishment greatly improves school performance, and hunger doesn't take the weekend off. Round up for local kids the next time you shop!

## FOOD FOR THOUGHT

### Reading Rec: Culture Magazine

**culture** the word on cheese

If you're not a cheese nerd like us, you might be surprised to learn there is a whole entire magazine about cheese (!!). We're pretty sure their number one fan is our Specialty Cheese Manager, Catherine; she likes to stay in the know about global cheese drama, including the latest rollercoaster in imported cheese prices. We thought it'd be useful for our fellow cheese lovers to know, too! If you love cheese and want to learn more, check out this informative article in Culture:
